

Beyond Snow: Composite Teaching Biological Science, B.S.

Snow College in partnership with **USU** offers an opportunity for students to complete a Bachelor's Degree in Composite Teaching Biological Science *without* leaving the central Utah area.

Complete your Associate's Degree at **Snow College** including General Education courses and some of the required teaching biological science courses and then transfer to **USU's** branch campuses in Ephraim or Richfield to complete the rest of your upper level teaching biological sciences degree requirements. Courses are delivered via video conferencing technology.

If you have credits to transfer to **Snow College**, you are a Snow College graduate, or you are ready to graduate from Snow College, please call the Registrar's Office at (435) 283-7171, 7172, or 7176. They can assist you by sending an Official Transcript to **USU**. If you have credits from another college or university, please contact the institution where the credits were earned and request an official transcript to be sent to **USU** to help you begin your education towards a Bachelor's Degree.

The Student Success website, www.snow.edu/advise, includes "Major Guides" for Ephraim and Richfield.

For more information on upper division teaching biological science courses offered through **USU**, click on the following link: http://ephrain.usu.edu/degree_programs/. **Snow College** offers the following courses beyond General Education requirements towards your Composite Teaching Biological Science, BS degree:

BIOL 1610: Biology I
BIOL 1620: Biology II
BIOL 2220: General Ecology for Life Science Majors
BIOL 2420: Human Physiology
CHEM 1110/1115: Elementary Chemistry and Lab
CHEM 1120/1125: Elementary Organic Biochemistry and Lab
GEO 1110: Physical Geology
Math 1210: Calculus I

PHYS 2210/2220: Physics for Scientists and Engineers I and II

Let **Snow College** be your bridge to a **USU** Bachelor's Degree and your future!
