I am a volunteer EMT for Ephraim Ambulance. What happens if class begins and I'm not here? You hold class anyway. The designated teacher is in charge. Get questions answered and read the next section together and do practice problems. I might just show up in 5, 10 or 20 minutes. What happens if I leave during class? You keep right on going with your designated teacher... and please clean up my stuff, collect homework, and get it all to my office. You guys will do great.

Snow College Curriculum Committee Regular class attendance is expected of every student. A failing grade of "UW" (Unofficial Withdrawal) may be submitted by the instructor if a student ceases to attend or complete assigned coursework. To avoid the punitive impact of a "UW," it is the student's responsibility to officially withdraw from a course by submitting a "Change of Program" form no later than the tenth week of the semester. See the current catalog for more details.

Students with medical, psychological, learning or other disabilities desiring accommodations, academic adjustments, or auxiliary aids should contact the Accessibility Resource Center, Room 241 Greenwood Student Center, phone number 435 283 7321.
