

# HOMEWORK SCHEDULE

## PHYS 1060-001

I expect you to produce college level work for each of these assignments. Each question must be answered in complete sentences with correct grammar and spelling. Each problem needs a step by step solution written down in order to get full credit. You should start with the problem as given in the book and then organize the information and show the necessary steps to get the solution. Make sure you check your solution! Please make sure you do the problems that are listed here, mark them off as you do them.
