

Architecture: Blueprints (Final Draft)

January 3, 2014

Name: _____ Period: _____

Materials Needed:

Pencil

Graph Paper

Ruler (or other straight-edge)

Instructions:

- Make the final blueprints of your dream home. Use your rough draft sketch and room dimensions records to guide you. These blueprints must be drawn to scale and must use very neat and straight lines.
- Specify the scale that you will be using. For example you may choose to use the scale $1/8$ inch = 1 foot.
- Make sure each page of your blueprints has your name on it as well as the words “Final Blueprints.”
