

This has been redone, it is called "Campus Service Forms."

Campus-wide Service Project

Each semester clubs are required to participate in a service project. We highly encourage you to participate in the campus-wide service project. We have determined the campus community service needs and have simplified the process for you! This is our first year hosting a large service project instead of individual club projects. In future years we plan to make attendance mandatory. We really appreciate your support. If you choose not to participate in the campus-wide service project your club must submit a Club Service Proposal to the Service Coordinator, Ellie Cox, in order to fulfill the club service requirement.

For more information about the campus-wide service projects visit:
<http://www.snow.edu/studentlife/service/>

Please check the following boxes or fill out the service proposal below and return this form to the Service Coordinator.

Fall Semester: September 11, 2013, "Walk and Talk" (from 5-7 pm)
