

## COSB 2110

**Division:** Career and Technical Education

**Department:** Cosmetology/Barbering

**Course:** COSB 2110

**Title:** Advanced Cosmetology/Barbering Concepts

**Catalog Description:**

This course covers in depth principles and practices of hygiene, ethics, bacteriology, sanitation, hair disorders, permanent waving, haircoloring, chemicals, relaxing, pressing, and wigs.

**General Education Requirements:** N/A

**Semesters Offered:** TBA

**Credit/Time Requirement:** Credit: 1; Lecture: 1; Lab: 0

**Clock/Hour Requirements:** 60

**Offered for Non-Credit:** No

**Credit/Clock Comments:** This is a variable credit course (1-4: 1-4: 0).

**Prerequisites:** COSB 1010, COSB 1011 or COSB 1012 and/or COSB 1013; COSB 1110, COSB 1111 or COSB 1112 and/or 1113; COSB 1210, COSB 1211 or COSB 1212 and/or COSB 1213; COSB 1310; COSB 1311; and one of the following series: COSB 1410, COSB 1411 or COSB 1412 and/or COSB 1413; or COSB 1510, COSB 1512 and/or 1513; or COSB 1610, COSB 1612 and/or 1613.

**Corequisites:** None

**Justification:**

This course is required by the State Cosmetology Board to prepare students in cosmetology/barbering theory and practices in preparation for state licensure.

**Student Learning Outcomes:**

Upon successful completion of this course, students will:

- demonstrate an understanding of the guidelines for a healthy body and personality
- demonstrate an understanding of communication skills and professional ethics
- know bacteria types and how they relate to the cause of disease
- know which methods of sanitation to use to properly sterilize implements
- understand hair, its composition, structure, color, and life cycle
- recognize hair, skin and nail diseases and disorders commonly seen in salons
- know reasons for cleansing and conditioning hair
- demonstrate all haircutting procedures and techniques
- define all phases of hairstyling--thermal and physical

- understand all procedures and techniques of permanent waving
- demonstrate correct procedures for coloring, including consultation, analysis, law of color, selection, and application
- define the purpose of chemical hair relaxing and know the proper cautions, procedures, and techniques
- know the purpose, procedures, and precautions of hair pressing
- list reasons people wear wigs or hair pieces
- know types of hair pieces and how to fit, style, color, and cut them
- know first aid for minor cuts, blood spills, burns, customer injuries, and situations that require Emergency Medical Services notification
- use various esthetic manipulative procedures to improve and correct skin conditions
- know all the safety measures for all techniques used in our industry
- know how to care for and maintain artificial hair pieces
- demonstrate haircutting for men and women
- use the various esthetics procedures
- use proper massage techniques, using hand and electrical apparatuses, to improve and correct skin condition
- demonstrate all applications for nail enhancements.

### **Content:**

Course objectives will be accomplished by providing students with learning experiences in the following subject areas:

- maintaining a healthy body and mind
- how bacteria affects health of the individual
- how to properly sanitize all implements
- analysis of hair so that services are performed properly
- cleansing and conditioning of hair
- proper haircutting procedures
- using hairstyling to balance the face and body structure
- perming hair to achieve proper results
- haircoloring to achieve desired color
- color correction
- proper selection of relaxer to achieve optimum results
- how to apply, test, and remove relaxer
- how bonds change during a chemical relaxer
- how to properly press hair without damaging the hair
- selecting and fitting a wig
- proper cleaning, conditioning, and maintenance of hair pieces
- proper application of nail enhancements
- using electric currents and hand manipulations to perform massage techniques in preventative and corrective facials
- recognizing skin, hair, and nail disorders
- fitting and caring of artificial hair pieces
- safety measures for all techniques in nails, facials, coloring, cutting, and chemical relaxing
- use of first aid techniques for cuts, blood spills, burns, and other emergencies.

## **General Education Outcomes:**

3) Speak effectively in a variety of contexts.

Students communicate with clients regarding desired outcomes and expectations. Effective speaking and listening skills are critical for success in the cosmetology profession.

## **Key Performance Indicators:**

### **In class:**

- Students are tested orally on an ongoing basis. Written tests are given on major subject areas.
- Courses 2110, 2111 are combined series. Students will be graded based on their performance in all three classes. Written tests on major subject areas make up 20% - 30% of grade, and practical grades in all subject areas consist of 70% - 80% of student grades.

### **Following class:**

- After completion of the course, competency will be measured by success in subsequent courses and/or by passing the state license exam.

## **Representative Text and/or Supplies:**

- *Milady's Standard Textbook of Cosmetology*, current edition, Milady Publishing Company, Albany, New York.
- Supplemental materials may be required

**Optimum Class Size: 0**

**Maximum Class Size: 25**

**Signatures:**

I hereby submit this course syllabus:

---

Chad Price, A.A.S., Instructor

I hereby find this course consistent with the goals and resources of the Cosmetology/Barbering Department:

---

Teri Mason, AAS, Instructor, Chair

I hereby find this course consistent with the goals and resources of the Career and Technical Education Division:

---

Michael P. Medley, MBA, Assistant Professor, Dean

I have discussed the need for library resources related to this class with the person submitting the syllabus:

---

Lynn Anderson, MLIS, Technical Services Librarian (Main Campus)

---

Michelle Olsen, MLS, Campus Librarian (Richfield Campus)
