

**SNOW
COLLEGE**

COMMENCEMENT

H A I L T O S N O W

*Our voices mingling in mighty chorus
Sing of Snow College dear;
So cherished shall be our memories
As we go on through the years*

*The S upon the hillside
In springtime gleaming white,
Or as flaming fires in autumn
Proclaim Homecoming night*

*We'll e'er be proud of our Alma Mater,
Wherever we may go,
We'll sing of her fame,
Always honor her name,
Hail to our beloved Snow!*

Words by Doris Larsen • Music by W. McLoyd Ericksen

HONOR GRADUATE

PAYSEN MITCHELL

We are thrilled to recognize Paysen Mitchell, an outstanding honor graduate from Snow College's Richfield campus, who is completing his CNC and Manual Machining Certificates. Raised in Annabella, Utah, Paysen is the son of Tina, the town clerk, and Weston, facilities manager at Snow College. Alongside his older sister and two younger brothers, he found happiness and solace in nature through fishing and outdoor activities.

His journey in machining began at South Sevier High School with a woodshop class that ignited his passion. Encouraged by his father, he enrolled in Snow College's machining program, where he recognized the potential to create and innovate. He also excelled as a standout athlete, playing second base on a baseball team that reached the State Championship twice, learning the values of resilience and adaptability.

His curiosity about the manufacturing industry grew through research, reinforcing his commitment to this field. In the fall of 2024, Paysen started his career at Fierce Firearms as a machinist, working part-time while finishing his studies and transitioning to full-time after graduation.

Paysen is grateful for the unwavering support of his family, especially his father for instilling focus and his mother for her encouragement through countless meals and laundry. He values his time at Snow College for allowing him to pursue his goals close to home. As he looks to the future, he encourages students to embrace learning: "Jump in and mess up! That's how you learn." With a strong foundation from Snow College, Paysen is excited to launch his career in manufacturing.

HONOR GRADUATE

MICARRA CHRISTENSEN

Micarra Christensen, a proud native of Richfield, Utah, is being recognized as an outstanding honor student from Snow College's Richfield Campus. As the third of four children in the Christensen family, Micarra has always been surrounded by love and support from her parents, Troy, the owner of Big O Tire, and Michelle, a dedicated school bus driver. Micarra's upbringing has instilled in her the values of hard work and community.

Choosing to attend Snow College was an easy decision for Micarra. The affordability and convenience of studying close to home allowed her to enjoy her mother's cooking. Micarra credits her family with giving her the confidence to push through challenging moments during her educational journey.

Micarra's dedication and commitment allowed her to seamlessly transition from concurrent enrollment in high school to earning her associate degree in just one year. She is grateful to her professors for their efforts to build strong connections with students, which greatly enriched her educational journey. Furthermore, her involvement in student leadership as a member of the Snow College Student Association became one of the most rewarding aspects of her college experience.

To future students, Micarra offers this advice: "Get your work done and don't procrastinate. It's not worth it. Also, don't stress too much and have fun. You only get to do this once, so get out and do things!"

As she embarks on an exciting new chapter this summer, Micarra is thrilled to serve a mission for the Church of Jesus Christ of Latter-day Saints in Everett, Washington, and also at the Mormon Battalion visitor site in San Diego, California. At this time, her plans are to then further her education in radiology or speech pathology upon her return. Micarra Christensen exemplifies the spirit of hard work, camaraderie, and the joy of learning, and she looks forward to what the future holds!

SPECIAL RECOGNITION

DAVID ALTEN CHRISTENSEN 1953-2025

We honor David Alten Christensen with deep admiration for his exceptional service in our community and as a member of the Snow College Board of Trustees. A proud graduate of Richfield High School and Brigham Young University, David dedicated his professional life to uplifting his community through his unwavering kindness and commitment.

Known for his generosity, he delighted in sharing gifts of candy at each meeting, touching the hearts of many. Throughout his tenure on the Board, he made significant contributions to Snow College, demonstrating his deep care for education and the welfare of students. David's partnership with his wife Kathy, along with their six children and 16 grandchildren, was characterized by a shared love of service and adventure.

David proudly continues the family legacy of Alten and Alta Wintch Christensen, his parents, who were also dedicated supporters of Snow College. A devoted member of The Church of Jesus Christ of Latter-day Saints, David's mission in Denmark and various church leadership roles reflected his unyielding spirit of service.

Chair of the Board of Trustees, Rick Robinson, shared some heartfelt thoughts about David. "When I think of a selfless individual, my mind inevitably turns to Dave. He remained steadfastly loyal to his responsibilities at Snow College right up until the end of his term, embodying a commitment that surpassed any physical challenges he faced. His dedication extended to everyone around him; I never once heard him utter a complaint. David genuinely loved and cared for each person he encountered. His spirit and devotion will be profoundly missed."

As we celebrate David's life and legacy, we extend our gratitude to Kathy and their family for their support. Though he will be greatly missed, his impact on Snow College will continue to inspire all who knew him.

COMMENCEMENT ADDRESS

JAKE HINCKLEY

Jake Hinckley, son of Gordon and Diane Hinckley, was born and raised in West Valley City, Utah. He is currently employed at Sunroc Construction, a Clyde Company, as the Director of Workforce Development where he leads a team in talent attraction and talent and leadership development initiatives. He also serves on the Board of Directors for Talent Ready Utah under the Utah System of Higher Education, focusing on bridging the gap between education and industry career opportunities.

Jake holds a bachelor's degree from BYU-Hawaii and a master's degree from Northern Arizona University and also participated in a study abroad program in Israel at BYU-Jerusalem for a semester. He and his wife, Michelle, have been married for 27 years and have three boys. As a family, they love to play and watch sports, surf and windsurf, and travel the world. The family also volunteers with Utah Global Diplomacy. In this capacity, they have the opportunity to host international diplomats at their home for dinner and conversation. Jake and his family were instrumental in rescuing an Afghani diplomat from the Taliban, helping him and his family relocate to Utah.

GRADUATING WITH ACADEMIC DISTINCTION

Graduating with academic distinction is conferred by the Utah State Board of Regents on those candidates for the Associate Degree who have maintained high academic standing at Snow College for two regular academic years. The designation Summa Cum Laude is conferred upon those students with a GPA of 3.90 or higher. The designation Magna Cum Laude is conferred upon students with a GPA of 3.75 to 3.89, and the designation Cum Laude is conferred upon students graduating with a GPA of 3.50 to 3.74. Those who are graduating Summa Cum Laude are wearing gold honor cords, students graduating Magna Cum Laude are wearing silver honor cords, and those students who are graduating Cum Laude are wearing navy honor cords.

**JESSE MADSEN BRADY
TEACHING AWARD
2024-2025**

Travis Schiffman

In Travis Schiffman's office, a bulletin board overflows with cards, handmade posters, and sticky notes from students expressing their gratitude for his impact on their lives. One note reads, *"I appreciate how you go out of your way to make everyone in your class feel like they matter, including myself. I have a ton of respect for a teacher who, even though they know more, never makes students feel incompetent."* Message after message, students describe how Travis cultivates a classroom culture rooted in inclusion, affirmation, and respect.

Travis brings language to life through innovative teaching methods that reflect his love of music. His Spanish courses pulse with the rhythms of contemporary songs that teach vocabulary, grammar, and culture. He's especially beloved for his original grammar raps, performed in character as "Señor Schiffdawg." Even passersby can feel the vibrant energy of his class through the lively Spanish conversations spilling into the hallway.

Travis also bridges classroom learning with real-world application. His students regularly volunteer at local school Parent-Teacher Conferences, providing translation services for Spanish-speaking families. These hands-on opportunities help students grow while advancing Snow College's mission to serve and engage with the broader community.

Outside the classroom, Travis is deeply committed to his students' well-being. His office is a safe and welcoming space where students come to laugh, cry, or simply talk—and he always makes time to listen. His generosity extends beyond words. When he noticed a student without a winter coat, he quietly bought her one. Acts like these, both thoughtful and unassuming, reflect his deep empathy and support.

Travis traces his passion for teaching to his family's deep commitment to education. His grandfather, a professor at Texas Tech, saved carefully to create a trust that would help his descendants attend college. Both of his parents were teachers, and his father, a first-generation student, came out of retirement twice to return to the classroom. "It must be something in our blood," Travis reflects. "Helping students feel like they matter—like I did at Snow College—is the reason for the smile on my face in the classroom."

Travis Schiffman's excellence, empathy, and unwavering dedication make him a truly deserving recipient of the Jesse Madsen Brady Award.

**J. ELLIOT & MAXINE CAMERON
FACULTY SERVICE AWARD
2024-2025**

Rachel Keller

Before pursuing a full-time teaching career, Dr. Rachel Keller joined the Peace Corps, despite being warned it could hinder a career in higher education. Undeterred, she served two years in Africa and was subsequently hired by Snow College in 2011, proving the skeptics wrong and affirming her lifelong commitment to service.

Now a tenured full professor in the English and Philosophy Department, Dr. Keller teaches primarily composition and literature. She is especially gifted in supporting students who feel out of place in college. She approaches students with empathy, often counseling them through life's challenges, focusing on their success both academically and personally.

Outside of teaching, Dr. Keller also shows her commitment to students. She served as president of the Utah Academy of Sciences, Arts and Letters, overseeing a multimillion-dollar endowment in support of statewide undergraduate research. At Snow College, she advised multiple clubs, including the Christian Club, Muslim Student Association, and Badger Bikes. She founded the Gender Studies Initiative, developing its first General Education course. She also directed the Honors Program and served on various committees, including Service Learning, Global Engagement, and Fulbright. Recently, she became a First-Year Fellow, helping new students transition to college life. She steps in wherever the greatest need is to ensure all students have opportunities to learn.

Dr. Keller is equally dedicated to her colleagues. She served on hiring, advancement and tenure, and policy committees. She currently sits on the Faculty Senate (her second term) and is an Online Excellence Quality Mentor. In all her associations with colleagues, she includes everyone, and she knows what to say to give each dignity and respect. Her service exemplifies her ability to build bridges across campus and her willingness to do whatever is asked of her.

Her service extends into the broader community. She launched and ran a county-wide recycling program for five years, helped form the Manti High School Swim Team (which she coached for over five years), and now assists with Ephraim City's swim club. She also served on the Sanpete County Intergenerational Poverty Committee.

Dr. Keller's lifelong commitment to service is far-reaching, and she is a deserving recipient of the J. Elliot and Maxine Cameron Faculty Service Award.

SNOW COLLEGE HISTORY AND MISSION

On November 5, 1888, two teachers, Principal Alma Greenwood and Mrs. Kerri Henry Payne, along with 120 students walked up the enclosed, unlit staircase behind the Co-op Building on Ephraim’s Main Street to the hall upstairs. Drawing a heavy curtain canvas to divide the single room into two, they began the first classes for the Sanpete Stake Academy, sponsored by the Church of Jesus Christ of Latter-day Saints. After a few years, this Church academy grew out of the upstairs room and moved to the North Ward meetinghouse, and then classes spread out through businesses all over town.

The school, later named Snow Academy after the Church President Lorenzo Snow and Apostle Erastus Snow, was one of 22 such church academies. Launching these institutions was difficult for the local church units, but maintaining them required serious stamina. Ten years into the Sanpete Stake Academy experience, it almost failed. Two painful communications came from Salt Lake in 1898. First, the Church was experiencing serious financial difficulties and the new building that the stake members were preparing to break ground for could not be funded. It was put on hold indefinitely. The Church needed all available funds to pay off debts that they had incurred. The second, and more devastating of the communications, came two months later. Through some oversight, the Church had completely forgotten to fund the Academy for the upcoming year.

The financial outlook was bad enough that several faculty members left for more secure appointments, but remaining faculty members took a cut in pay. They worked as half-time missionaries/half-time instructors. During this time, in order to pay the faculty, the college gave them a combination of money and grain. Three recent graduates filled in vacancies knowing their pay was uncertain. The Academy’s only piano was sold.

Of the 22 academies that began in the sunny days of inception, only six remain today. The founders and supporters of this college plainly and simply would

not let it fail. The members of the local community agreed to help cover costs of this college. Eventually, the Sanpete Stake was authorized to resume plans to build their academy building with the expectation that construction would be \$25,000. They began work immediately. It ended up costing \$56,000 plus \$15,000 worth of donated labor. Local members raised three-fourths of the funds, and they did it any way they could. Many residents collected their Sunday eggs and contributed them to the building committee to assist in construction costs. Based on the value of eggs at the time, six cents a dozen, the impact of the Sunday eggs was little more than a widow’s mite. But the fact remains that the construction of the Academy had widespread support, from the indigent to the affluent. The pervasive community investment cemented their commitment to ensure that their academy would survive and flourish, and the academy – turned college – grew.

In 1931, the Church gave the college to the state of Utah and it has, from that day forward, operated as a state-supported institution of higher education. There were many other battles for survival over the years that followed, but those Scandinavian pioneers persevered.

In 1999, the former Sevier Valley Tech, located in Richfield, Utah, merged with Snow College, bringing two great programs together to better serve the students of our campuses. In 2013 the first-ever four-year degree was approved.

And, so, 137 years later, that small academy is still here – serving students across Utah, the United States, and the world, and now a Snow College education is also available anywhere with our online offerings. The physical footprint has grown beyond the original Academy Building, and enrollment has increased significantly. One aspect unchanged, however, is the commitment of faculty and staff. There is a spirit of service and sacrifice that permeates the work of Snow College. It is a spirit that has been on campus since 1888.

ACADEMIC APPAREL

The academic hood is a symbol of personal achievement — the means by which a degree and the college awarding the degree are readily recognized. The size and shape emphasize the degree level, with the doctor being the largest, followed by the master and the bachelor. The colors in the satin lining are those approved and authorized by the institution, and the color of the velvet border will indicate the degree earned. Below is a guide to the colors and degrees they represent.

Agriculture.	Maize
Architecture.	Blue Violet
Arts, Letters — Humanities.	White
Commerce — Accountancy, Business.	Drab
Dentistry	Lilac
Economics.	Copper
Education	Light Blue
Engineering.	Orange
Fine Art	Brown
Forestry.	Russet
Home Economics	Maroon
Journalism, Communications	Crimson
Law	Purple
Library Science	Lemon
Medicine, Hospital Administration.	Kelly Green
Music	Pink
Nursing.	Apricot
Oratory, Speech.	Silver Gray
Pharmacy	Olive Green
Philosophy.	Dark Blue
Physical Education.	Sage Green
Public Administration, including Foreign Service	Peacock Blue
Public Health	Salmon Pink
Science, Physics	Golden Yellow
Social Work	Citron
Theology.	Scarlet
Veterinary Science.	Gray

The appearance of a name in this program as a degree, certificate, or award recipient is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. The official academic transcript record kept by the College, signed and sealed by its proper officers, remains the official testimony of the possession of the degree, certificate, or award.

SNOW COLLEGE ALUMNI ASSOCIATION

As a graduate of Snow College, you have joined the ranks of Snow's alumni. Please make sure we have your current contact information so we can keep in touch with you. Scan the code or e-mail us at alumni@snow.edu. Students wearing orange alumni cords have donated \$20.25 to the Alumni Scholarship Fund. We thank them for their support!
