

**SNOW
COLLEGE**

**RICHFIELD
COMMENCEMENT**

HAIL TO SNOW

*Our voices mingling in mighty chorus
Sing of Snow College dear;
So cherished shall be our memories
As we go on through the years*

*The S upon the hillside
In springtime gleaming white,
Or as flaming fires in autumn
Proclaim Homecoming night*

*We'll e'er be proud of our Alma Mater,
Wherever we may go,
We'll sing of her fame,
Always honor her name,
Hail to our beloved Snow!*

Words by Doris Larsen • Music by W. McLoyd Ericksen

Remarks and Changing of Tassel	Leonel Valeriano 2025-26 Student Association Vice President
Recessional	Snow College Saxophone Quartet

Snow College Saxophone Quartet is under the direction of Dr. Madeline Johnson

Closed captioning available on live YouTube stream

HONOR GRADUATE

BRETT BAILEY

Brett Bailey, son of Mark and Andrea Bailey of Salem, Utah, is a standout student whose roots run deep in the Sevier Valley, with his grandmother, Cheri Harward Schmidt, who was raised just down the road in Aurora. As the third of four children, Brett has long valued family, community, and hard work. He is graduating from Snow College with a 4.0 GPA and is pursuing a degree in Business, with plans to transfer to Utah Tech University to continue running and study accounting.

A dedicated servant-leader, Brett served a mission for The Church of Jesus Christ of Latter-day Saints in Belize, El Salvador, and Guatemala, where he learned to connect with diverse people and serve communities with humility and compassion. He met his wife, Lilly Stratton Bailey, at Salem Hills High School, and together they share a passion for wellness, service, and cross-country running, enjoying the shared experience of competing as Badgers on the Snow College cross-country and track teams.

At Snow College, Brett has thrived as a wellness advocate, teammate, and friend to many. His advisors shared that "Brett exudes positivity in everything! His optimistic nature brings people together, builds trust, and motivates them." Brett believes in trying new things and emphasizes the value of getting involved: "Be involved," he says, "because engagement broadens horizons and strengthens the community." He has skillfully balanced a busy class load with athletic commitments and leadership responsibilities, demonstrating time management, focus, and perseverance. His most memorable moment came at the NJCAA Cross Country Championships this fall, where the team earned a third-place finish—the result of hard work, perseverance, and teamwork.

Brett and Lilly look forward to new adventures and continuing to pursue running at the next level. Snow College is better for having Brett and Lilly among its ranks, and his example of dedication and service will inspire future generations of students.

HONOR GRADUATE

WYATT HOLYOAK

Wyatt Holyoak, a graduate of Millard High School and son of Dusti Holyoak, represents the next generation of Snow College's committed scholars and doers. Though raised in Lehi, his roots run deep in Scipio, and he credits his grandparents, Don and Kathie Holyoak, with connecting him to Snow College, helping him pursue his passion, and shaping a clear career path. Wyatt, the third of four children, has embraced every opportunity to lead, learn, and serve and is being recognized as the Ralph Okerlund School of Technical Education honor student.

On campus, Wyatt has worn several hats with dedication and self-assurance. He has served as a Residential Assistant and later as Residential Director of Student Housing, where he fostered a supportive community and helped fellow students navigate college life. His supervisor shared, "He is the embodiment of an incredible work ethic, has a true love for service, and an unmatched capacity for connection. Having the opportunity to mentor Wyatt has been a privilege I will not soon forget. I'm excited for his future and certain he'll do great things."

A hands-on learner, Wyatt is pursuing a Technical Education pathway, graduating with certificates in Automotive Technology and a Commercial Driver's License, along with additional coursework in Diesel and Welding. Wyatt's instructors praised him as a skilled "good wrench" with vast potential to excel in this high-demand industry. His fascination with mechanics began at a young age, sparked by playing Forza Horizon with friends and reinforced by a car-enthusiast mentor while working on an old Corvette.

Wyatt has translated his passion into action beyond the classroom, launching a small engine repair business last summer and gaining early work experience while still a student. His future goal is to own a professional mechanic and performance shop, blending technical skill with entrepreneurial spirit. One of his most memorable moments as a student leader was coordinating student participation in last year's Richfield City Fourth of July parade, where Badger Pride showcased Snow College to thousands.

Wyatt's parting advice is to encourage students to participate in events and connect with others—it makes all the difference in the overall experience. Snow College is stronger because of his leadership, service, and pursuit of excellence, and we wish him the best as he embarks on his career journey.

COMMENCEMENT ADDRESS

RICH CHRISTIANSEN

Rich Christiansen is a globally recognized thought leader, mentor, educator, parallel entrepreneur, and humanitarian. His work is devoted to helping people find clarity in chaos and move from force into flow in their personal lives, their relationships, and their businesses, with courage, humility, and hope.

Rich has founded or co-founded 51 businesses, 16 of which became multimillion dollar successes, each launched with \$10,000 or less, spanning 14 countries. He is the author of the Wall Street Journal and USA Today national bestseller *The ZigZag Principle* (McGraw Hill), co-author of *Bootstrap Business*, and several other works.

His most personal book, *BlindSighted: A Journey of Identity, Faith, and Healing*, explores identity, family, and faith, including the discovery at age 54 that he was among the first donor conceived children. The book invites readers to face what they have avoided, reclaim wholeness, and live with deeper truth.

In 2026, Rich released *The Values Blueprint*, a practical and soul level workbook born from decades of mentoring and lived experience. Most people cannot clearly name the values shaping their lives. *The Values Blueprint* guides readers through a clear, step by step process to discover their true values, charge them with identity and energy, and align their relationships and decisions with confidence and clarity. It is a path from chaos to flow.

Rich is the creator of the Legado Family Framework, a values driven model helping families stabilize, heal, and thrive across generations. He has mentored hundreds of young leaders, founded the Entrepreneur Leadership Center, served as Chairman of the Board of Trustees at Southern Utah University, and served on the Utah State Board of Higher Education.

At his core, Rich is a builder of hope, a quiet hope dripper, who believes clarity changes everything. When not writing or mentoring, he is most alive in the mountains, spelunking slot canyons, cresting high peaks, skiing fast, golfing joyfully, throwing frisbees with his five sons, and exploring the world with his wife and a growing tribe of grandchildren.

Rich believes his most important work is unfolding now, helping individuals and families return to a balanced, hopeful, abundant middle way.

SPECIAL RECOGNITION

DAVID AND LANA OGDEN

David and Lana Ogden have built a life centered on faith, family, service, education, and community, and together they have supported Snow College as a beacon of learning and civic engagement. Their partnership is evident in a lifetime of collaborative leadership, where public service and private integrity meet in everyday acts of kindness and commitment.

The Ogdens' steadfast service began with Dave's two-year missionary service in Scotland and blossomed into two terms as mayor of Richfield, where he guided civic, church, and state initiatives and contributed to two Utah governor-appointed boards. One of his ancestors was an original settler of Richfield, dating back five generations, and his family founded Ideal Dairy a century ago. Dave, a Snow College alumnus, completed an Automotive Technology certificate in 1968 under the tutelage of Warren Crane, a detail that deepens his lifelong connection to the college. Later, he held leadership roles at Sysco. Lana's 28 years in education—teaching in Blanding and then Richfield—shaped generations by modeling how knowledge can empower families and strengthen communities. Dave and Lana have taken every opportunity to support Snow College's Richfield campus: attending events, supporting students, and promoting the college within the community.

As a couple, they have supported education, history, and local heritage, with Lana leading the Richfield Quilters Heritage Festival and both of them engaging in recent missionary service at Bluff Fort. Dave's lifelong love of history—"life is lived forward, but understood by looking back"—complements Lana's dedication to education and heritage, creating a shared philosophy of service that informs their impact.

Together with their five children, 15 grandchildren, and a great-grandchild on the way, the Ogdens have built a multigenerational legacy as Badgers—second- and third-generation family members who carry forward their values of service and community. Snow College honors Dave and Lana Ogden for a lifetime of steadfast service, enduring faith, and meaningful impact on our campus and in the community. We express sincere gratitude for their unwavering support and the example they have set for students and families.

GRADUATING WITH ACADEMIC DISTINCTION

Graduating with academic distinction is conferred by the Utah Board of Higher Education on those candidates for the Associate Degree who have maintained high academic standing at Snow College for two regular academic years. The designation Summa Cum Laude is conferred upon those students with a GPA of 3.90 or higher. The designation Magna Cum Laude is conferred upon students with a GPA of 3.75 to 3.89, and the designation Cum Laude is conferred upon students graduating with a GPA of 3.50 to 3.74. Those who are graduating Summa Cum Laude are wearing gold honor cords, students graduating Magna Cum Laude are wearing silver honor cords, and those students who are graduating Cum Laude are wearing navy honor cords.

**JESSE MADSEN BRADY
TEACHING AWARD
2025-2026**

Danni Larsen

Danni Larsen, a dedicated and highly esteemed Associate Professor in the Education and Family Studies Department, is well known for her commitment to student success and excellence in teaching. A 14-year veteran faculty member, Professor Larsen has built a reputation as an engaging teacher who fosters a supportive learning environment that inspires her students to think critically, act compassionately, and grow professionally.

With a passion for early childhood education, Professor Larsen's teaching style effectively bridges theory and practice in meaningful and transformative ways. Her instruction not only equips students with a strong academic foundation, but also inspires a commitment to the developmental needs and well-being of young children. Additionally, Professor Larsen is a devoted mentor to her students, helping to prepare future childcare professionals and educators for careers working with young children and families, and continuing to offer guidance and support well beyond graduation.

In addition to teaching, Professor Larsen serves as the Director of the Little Badgers Early Learning Center. In this role, she oversees services that support young children and their families while also creating a dynamic, hands-on learning environment that benefits both children and Snow College students. The center serves as a model of high-quality early childhood education while also providing students with invaluable real-world experience. Under her guidance, students are able to apply their knowledge in authentic settings, gaining both practical skills and professional confidence.

Professor Larsen is also known for her collaborative spirit and positive contributions beyond her own department. Before she began her teaching career, she worked in the scholarship office and also served Snow students as an advisor for four years. Currently, she chairs the Advancement and Tenure Committee, helping review and encourage faculty as they progress in their careers.

Through her teaching, leadership, and service, Professor Danni Larsen exemplifies the "Spirit of Snow." She is a true professional and teacher, admired and respected by both students and colleagues.

**J. ELLIOT & MAXINE CAMERON
FACULTY SERVICE AWARD
2025-2026**

Kristi Stevens

Earning her own Associate of Science degree at Snow College, Professor Kristi Stevens is a deep-rooted Badger. For 26 years, she has taught and served at the college, first as an adjunct instructor, and now as a tenured Assistant Professor, shaping the minds of countless students in Public Speaking and Communication.

Throughout her time at Snow, Professor Stevens' leadership has been instrumental in shaping the growth of the school. Professor Stevens has worked as Communication Chair and Director of the Communication Lab, sat on numerous search and evaluation committees, and represented her colleagues on faculty committees, including Teaching and Learning, GE, Curriculum, Online Excellence, and Service Learning.

As Assistant Provost, Professor Stevens managed a wide range of institutional priorities, perhaps most notably the development of the Snow College prison education program at the Central Utah Correctional Facility. In this role, she navigated the logistical challenges of faculty recruitment, funding, and cross-departmental support. Additionally, she led an IVC pilot program for the six-county jail system, overseeing academic infrastructure, technology installation, and program content. These efforts have expanded Snow College's reach and, more importantly, offered hope and a path forward for all students striving to improve their lives through education.

The legacy of a college is built by individuals of Professor Stevens' caliber. She is an impactful teacher, supportive colleague, and dedicated professional. Her influence is so deeply woven into the fabric of our institution that seven of our current faculty members were once her students.

It has been said that commitment is an act, not a word. Today, Snow College is proud to recognize Professor Kristi Stevens with the Elliot and Maxine Cameron Faculty Service Award in celebration of her committed acts of service to students, colleagues, and our community.

SNOW COLLEGE HISTORY AND MISSION

On November 5, 1888, two teachers, Principal Alma Greenwood and Mrs. Kerri Henry Payne, along with 120 students walked up the enclosed, unlit staircase behind the Co-op Building on Ephraim's Main Street to the hall upstairs. Drawing a heavy curtain canvas to divide the single room into two, they began the first classes for the Sanpete Stake Academy, sponsored by the Church of Jesus Christ of Latter-day Saints. After a few years, this Church academy grew out of the upstairs room and moved to the North Ward meetinghouse, and then classes spread out through businesses all over town.

The school, later named Snow Academy after the Church President Lorenzo Snow and Apostle Erastus Snow, was one of 22 such church academies. Launching these institutions was difficult for the local church units, but maintaining them required serious stamina. Ten years into the Sanpete Stake Academy experience, it almost failed. Two painful communications came from Salt Lake in 1898. First, the Church was experiencing serious financial difficulties and the new building that the stake members were preparing to break ground for could not be funded. It was put on hold indefinitely. The Church needed all available funds to pay off debts that they had incurred. The second, and more devastating of the communications, came two months later. Through some oversight, the Church had completely forgotten to fund the Academy for the upcoming year.

The financial outlook was bad enough that several faculty members left for more secure appointments, but remaining faculty members took a cut in pay. They worked as half-time missionaries/half-time instructors. During this time, in order to pay the faculty, the college gave them a combination of money and grain. Three recent graduates filled in vacancies knowing their pay was uncertain. The Academy's only piano was sold.

Of the 22 academies that began in the sunny days of inception, only six remain today. The founders and supporters of this college plainly and simply would

not let it fail. The members of the local community agreed to help cover costs of this college. Eventually, the Sanpete Stake was authorized to resume plans to build their academy building with the expectation that construction would be \$25,000. They began work immediately. It ended up costing \$56,000 plus \$15,000 worth of donated labor. Local members raised three-fourths of the funds, and they did it any way they could. Many residents collected their Sunday eggs and contributed them to the building committee to assist in construction costs. Based on the value of eggs at the time, six cents a dozen, the impact of the Sunday eggs was little more than a widow's mite. But the fact remains that the construction of the Academy had widespread support, from the indigent to the affluent. The pervasive community investment cemented their commitment to ensure that their academy would survive and flourish, and the academy – turned college – grew.

In 1931, the Church gave the college to the state of Utah and it has, from that day forward, operated as a state-supported institution of higher education. There were many other battles for survival over the years that followed, but those Scandinavian pioneers persevered.

In 1999, the former Sevier Valley Tech, located in Richfield, Utah, merged with Snow College, bringing two great programs together to better serve the students of our campuses. In 2013 the first-ever four-year degree was approved.

And, so, 138 years later, that small academy is still here – serving students across Utah, the United States, and the world, and now a Snow College education is also available anywhere with our online offerings. The physical footprint has grown beyond the original Academy Building, and enrollment has increased significantly. One aspect unchanged, however, is the commitment of faculty and staff. There is a spirit of service and sacrifice that permeates the work of Snow College. It is a spirit that has been on campus since 1888.

ACADEMIC APPAREL

The academic hood is a symbol of personal achievement — the means by which a degree and the college awarding the degree are readily recognized. The size and shape emphasize the degree level, with the doctor being the largest, followed by the master and the bachelor. The colors in the satin lining are those approved and authorized by the institution, and the color of the velvet border will indicate the degree earned. Below is a guide to the colors and degrees they represent.

Agriculture	Maize
Architecture	Blue Violet
Arts, Letters — Humanities	White
Commerce — Accountancy, Business.	Drab
Dentistry	Lilac
Economics.	Copper
Education	Light Blue
Engineering	Orange
Fine Art.	Brown
Forestry.	Russet
Home Economics	Maroon
Journalism, Communication	Crimson
Law	Purple
Library Science	Lemon
Medicine, Hospital Administration.	Kelly Green
Music	Pink
Nursing.	Apricot
Oratory, Speech.	Silver Gray
Pharmacy	Olive Green
Philosophy.	Dark Blue
Physical Education.	Sage Green
Public Administration, including Foreign Service	Peacock Blue
Public Health	Salmon Pink
Science, Physics	Golden Yellow
Social Work	Citron
Theology.	Scarlet
Veterinary Science.	Gray

The appearance of a name in this program as a degree, certificate, or award recipient is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. The official academic transcript record kept by the College, signed and sealed by its proper officers, remains the official testimony of the possession of the degree, certificate, or award. While every effort has been made to ensure the accuracy and completeness of this list, omissions or errors may occur. If your name does not appear and you believe it should, please contact the Registrar's Office.

SNOW COLLEGE ALUMNI ASSOCIATION

As a graduate of Snow College, you have joined the ranks of Snow's alumni. Please make sure we have your current contact information so we can keep in touch with you. Scan the code or email us at alumni@snow.edu. Students wearing orange alumni cords have donated \$20.26 to the Alumni Scholarship Fund. We thank them for their support!

If you know someone who would succeed at Snow, invite them to explore their future here. Scan the QR code to connect them with the path to becoming a Badger—and perhaps one day celebrating a moment just like today.
