# HOMECOMING WEEK

A Terrific Week In Motion

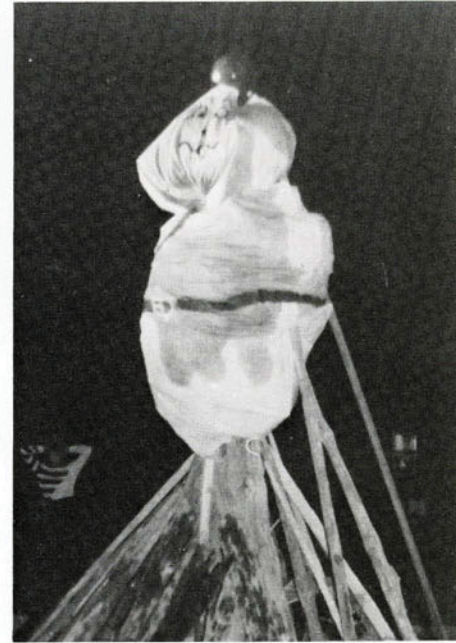

Homecoming consisted of many fun activities each being full of color and emotion. Homecoming week started on the 28th of October and ended on November 3rd. The homecoming activities officially started with the Homecoming Queen contest on the 30th of October. The queen contest was full of glamour and excitement. When all of the competition was over, Ester Pederson came out into the spotlight as the Homecoming Queen. On Wednesday, the 31st, Halloween night, a terribly scary movie was shown. It was the movie Frankenstein there were also cartoons shown. The people who saw this scary movie probably won't sleep for years. Thursday November 1st was 50's dress up day. It was quite fun. Friday the 2nd was the snake dance through all of the dorms, and around campus, it finished at the activity center parking lot. Then the burning of the Rebel took place. Also the burning of the "S" could be seen up on the mountain. After that everyone went into the A.C. for the field house frolics. Many groups took part in the success of this activity. On the last day, the 3rd of November, was the Homecoming parade at 10:00 in the morning. The football game was against Dixie in the afternoon.

# HOMECOMING DANCE

An Exciting Night In Motion

1 After all of the fun filled activities of homecoming week slowly came to a close, the most looked-forward to activity was just beginning. All have waited for it to get here and Saturday night, November 3rd, it finally arrived. Everyone was busy doing their own thing with their dates, either going out to dinner, still getting ready, or just a little warm up first-aid, mouth to mouth action. The dance officially began at 9:00 p.m. and lasted until 12:00 a.m. The band's name was Odessa. The band was really good, they played a lot of good music and made the dance enjoyable. The theme of this years dance was "Snow College, you always leave a part of you behind." The Homecoming committee was Paul Merrell, Pat Shumway, Andrea Leishman, Janet Lyman, Lisa McLain, Maren Peterson, Cindy Foote, and Catherin Holyoak.

1) "Don't talk back!" 2) "Just a little closer." 3) "This is a spoon, you eat with it, (Jodi Johnson, Paul Merrell (Homecoming committee chairman), Craig Talbot, Lisa McLain)!"

## Fun Times In Motion

Where do you go to have fun? We all know how great Ephraim is. The great Metropolis of Utah, so as we begin this year we had the great opportunity of enjoying football games, basketball games, volleyball games, and baseball games. Some ended in victory and others in defeat.

If you didn't attend the games you had other ways of having fun, like bowling, roller skating, pingpong, and how could we forget clubs like Alpha Delts, Intercollegiate Knights, and yes of course, Yearbook! But also there were those who like to drive tractors on a deserted road in another town in the middle of the night.

# WEEK-END DANCES

Week-ends In Motion

6

Have you ever spent a week end at Snow College? Then you obviously know of their famous week-end dances. These dances were very successful in raising money for their clubs and organizations. "Wanna Kiss?" was the theme of the first of the week-end dances. The clubs around campus sponsored many successful dances. One of the very successful dances was the dance to raise money for the Ray Billingsley fund. Now if your ever at Snow College on a week-end you now know what you can do with your spare time.

—Valarie Bean

1) "How is this (Linda Erickson)?" 2) I can't believe you said that, (Julianne Tolboe)." 3) "That's funny (Debbie Paxton)." 4) "Is this what you mean, (Patti Winslow, Kaye Harris)?" 5) "How about him?" 6) "Do you want a kiss," was the theme for the hello dance. 7) "Can't you wait for the next song, (Russell Hymus and Dan Money)?"

# SNOW BALL

## A Great Tradition In Motion

Once the Snowball got rolling no one wanted to stop except the band, not to say they weren't good, because they were outstanding. They were beating until the end, with only 5 minute breaks in between each song.

This wonderful occasion was sponsored by LDSSA. They had everything set up just right and made sure everyone was having a good time. The theme was "Most of All." It was picked quite well, because each of us have someone special that we continually think about and are "Most of All" im-

portant to us. The theme was sung at a break of the band and also Ascension sang a couple of Christmas songs, which were really good. Everyone that was asked about this occasion, said that they enjoyed it and it was their "Most of All" favorite dance of the year. Again I applaude LDSSA for the work they put into the set up and pictures, which were very creative, and all that was done to make this dance memorable, and tender. Thank you!! Thank you!!

-Blake "E. L." Christopherson

1) "Ryan, Ryan ... I'm down here." 2) When I find HIM!!! 3) Come on folks! We are better than Lawrence Welk. 4) Acension performed a few numbers during the band's break. 5) "There's a fly swimming in your punch." 6) "I hate it when girls like to slow dance like this." 7) Hiede Magelby sings the theme song, "Most of All". 8) "Do I want to dance with this guy or him over there, (Kathy Sorenson)?"

# DEER HUNTER'S BRAWL

## Hunters In Dancing Motion

1

The Deer Hunters Brawl was sponsored by the Associated Men Students. The dance was held October 18th, in the old gym. The AMS had decorated the old gym very creatively. Also held at the dance was a drawing. First prize was a Remington model 700 243 caliber rifle with a 3x9 scope. Second prize was a pair of binoculars, 7x35. Third prize was a browning hunting knife. Fourth, and ridiculously exciting, was an orange hunting outfit. The people danced to live music of London Bridge.

The "Deer Hunters Brawl" was a great success!

2

Can you imagine Larry Peel in a cute pilots hat? I can't!! It just goes to prove Snow Men will do anything for Fame and Glory. Eleven of the most humble Snow Men on Campus set off in pursuit of their life dream. Mr. Snow. The Mr. Snow Pageant turned out to be very entertaining showing us many ways and unseen talents of these fine young men. Their talents went from acting to playing the guitar. The battle was long and bitter but in the end Tom Cornoby became third attendant, Richard Olsen, second attendant, Mike Beach, 1st attendant. The most preferred man at SC in 1984-85 is Kevin DeAdder. Kevin displayed much talent and showed just as much excitement. Congrats Kevin- Excuse me- MR. SNOW.

# CAR BASH AND PREFERENCE DANCE

AWS Week In Motion

The Intercoligete Knights held their annual carbash on January 18, 1985. This was done as usual to get the spirit rolling before the Dixie - Snow game. It started off with each player on the team taking a swing at the "Dixie car". Then for \$1.00 you would get four swings at the car. "It was a good way to work off your frustrations, and get ready for the game," said Kenny Harvy who made several attempts. "It was alot of fun watching the people actually hit the car, and I was allready for Dixie," one of the players commented.

"Precious and Few" was the theme for this years Preference Ball. It was picked by the AWS council. Vicki Barney as president, was the main person taking the bow for this occasion. She also had many women helping and contributing to the success of this event. The Ball was held on January 19, 1985. It was well attended.

The AWS did a spectacular decorating job. It took well over 20 hours to complete. The roof was lowered by a large canope which covered the whole old gym. All seemed, to enjoy themselves, even the band. The band was UP AND UP, they were very energenic and they helped make the evening fun.

-Blake Christopherson

# SWEETHEART'S BALL

## Emotions In Motion

Yes, Indeed folks this had to be it the ultimate in dance excitement. Everyone was stunned at the ball. All were in awe as "Tempest" began to play. Even the shyest of all couples began to dance. It was too good to be true. LDSSA put everyone into a state of "Remembering the Feeling" of past emotions, feelings, and past excitements. This theme was very touching. All thought it was appropriate. It was said to be the best dance yet. It was Semi-formal and was appropriately so. Yes, we were all "Remembering the feeling" that night. It was so emotionally great. Everyone had an emotional time remembering their past affairs and convictions. All were weeping uncontrollably, it was captivating just being in the bodily string just pondering, reflecting, on dances gone by. This dance was most uplifting. LDSSA must of had first hand help in picking this years theme. (If you know what I mean).

1) Testimony meeting catches my enthusiasm (James Gilbert). 2) I'd love to (Teresa Bryant)! 3) Who switched my lemonade with the urine sample (Carl Dastrup). 4) "Oh, you can't be serious. (Carol Bowman)." 5) Wouldn't you like to know. (Tom Cornaby). 6) Did you ever have the feeling that someone was looking over your shoulder? 7) Now it's off to the nurse's ward for some fun (Matt Day)! 8) And then ... (Suzanne Christensen, Lilly Landikusic).

6

7

8

This years production of Harvey was defina- tely the best. The acting was outstanding, you could defina- tely tell that the cast had put over- time in on their parts, because each person new exactly what was to be done, when and how, this made the play very enjoyable to watch.

Along with all the rest of the outstanding ac- tors was Elwood P. Dowd (Mike Robinson) which was one of the main actors, Elwood was the main link to Harvey (a six foot invisible rabbit) Elwood was said to be a little off the wall, after all talking to a six foot rabbit named Harvey is a little bizarre. So in a combined effort by Myrtle Mae and Veta Louise Simmons to have Elwood sent to the happy house, or other times called the chum- leys rest, but they both failed in vain. It caused more hassel and kaos for the two and later forced them by the help of others to let Elwood remain in the Dowd mansion.

This play was very well put forward and was received well by all those who had the chance of attending it. All those who had missed the per- formance said they wish they could have an- other chance to see it.

As the lights grow dim, a tense excitement fills both the cast and their audience. Prelude music begins to flow through the electrified air as stage personnel take their positions. The weeks of preparation are finally about to reap their benefits.

Thus went the opening night of Oliver, which went on to become one of the many Snow College successful art productions. This fine production was directed by Kim Christiansen. Let's hear it for Oliver!!

# MINI CONCERTS

## Thursday Afternoons In Motion

1

Whether it was dancing, singing, cheering, air bands, etc., the mini concerts were sure to guarantee us a good time. Some of the mini concerts were brought to us by the Badgeretts, Orchestras, Cheer & Yell leaders, the L.D. Singers, Executive Council, and many other clubs and organizations. Nanci Hiss, Cultural board president, was in charge of organizing the mini concerts.

Without the mini concerts we would have had a boring Thursday lunch hour. The mini concerts provided a little "spice" to our week and at the same time gave us a break. The mini concerts not only served us as students- but it also gave different groups a chance to perform in front of an audience.

1) The crowd cheers for the entertainment. 2) Follow the leader. 3) The basketball team is honored at a mini concert. 4) Badger shows pride for SNOW. 5) Just tell me when.

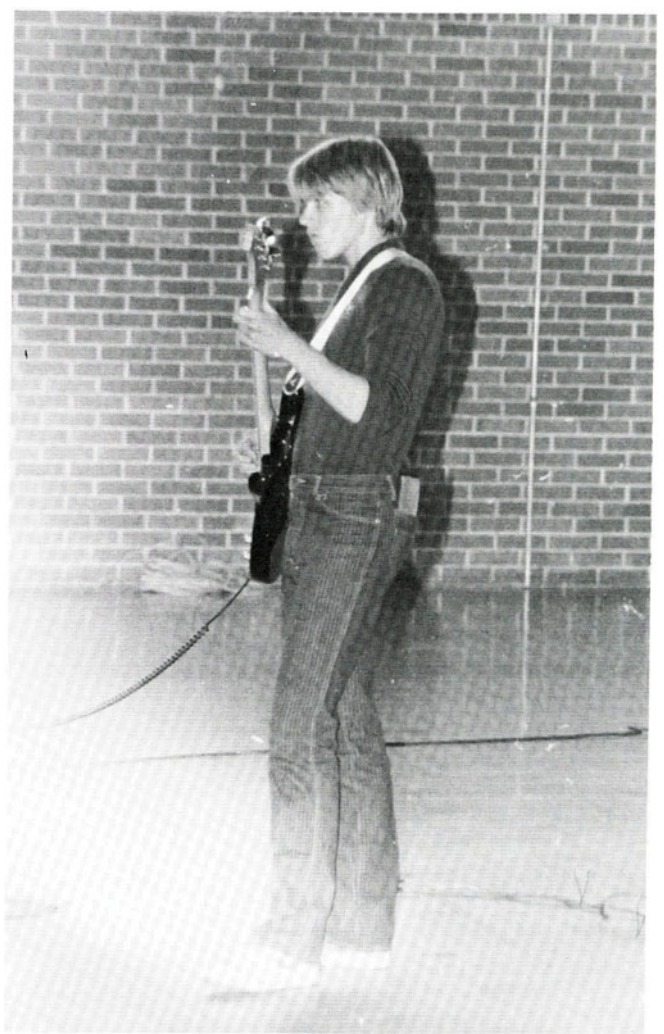

3

5

Sponsored by the IK's the dance marathon was successful in raising a lot of hard earned money for the March of Dimes. A lot of tired aching muscles and sore feet were the major complaints of the weary dancers. 15 hours of wild and crazy dancing with 5 minutes break in between each long hour. Some of the dancers commented that the last few hours seemed to take eternities. To keep the dancers energy flowing the djs played quite a variety of popular music, from swinging country to your basic hard get down and boggie rock and roll.

The dance was also supported by many come and goers, that helped bring the total amount earned to a big \$500, some of the contestants were lucky enough to bribe their friends into bringing them breakfast. This added to the excitement and helped keep them going through the last few hours.

Bring your blankets, bring your pillow, it's journal writing time at the institute. Posters blazed for weeks ahead, to advertize this magnificent occasion. The night was filled with love, laughter, and a little ping pong playing. Many exciting videos were shown such as Fiddler on the Roof and Mary Poppins to give the writers a break from their writing.

"Help me, Jaws is trying to pull me under," was one of the many comments I heard as I raced my girlfriend across the pool. It was really fun, after a Friday Night dance, to just relax in a semi-hot swimming pool with a lot of my friends. One midnight swim was sponsored by AMS. All kinds of games and water fights were in session as I finished my last lap across the pool. The show "Jaws" was shown, those that didn't want to swim, could just watch the show if they wanted, or vice versa. Everyone that went had a super time.

Navajo tacos, mutten stew, fry bread making contest, dancing, music, and slides, were all a part of this past years Native American Culture Night; sponsored by the Eagle Club. Many displays were shown, such as Indian paintings and hand woven Indian blankets. Also shown were a collection of fascinating ancient arrowheads.

The feeling felt the night was so strong as we all shared in the beauty of one another's culture. Faith Thompsen, President of the Eagle club states: "Unity and togetherness were the foundations that helped us successfully pull off our Cultural night, We were proud to share part of our heritage with Snow College."

# DATING GAME & HAYRIDE

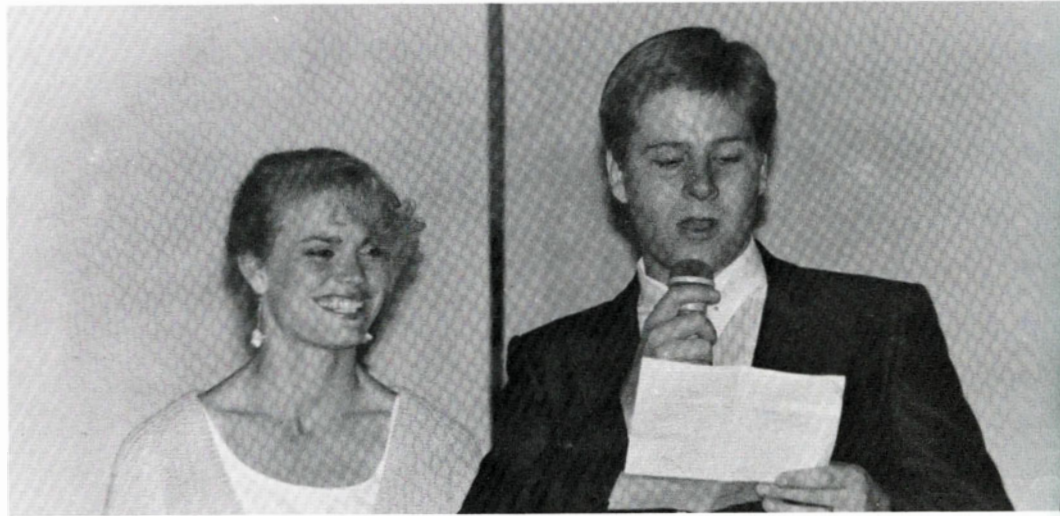

## Emotions In Motion

1

The dating game, a long time tradition here at Snow College, was once again held for the pleasure of the audience and embarrassment of the contestants. Todd Tuttle was the MC for the game. The audience received its elation when Kathy Harris began asking premisses and revealing questions to the three men; Steve, Shawn and Kelly. The ultimate was Steve with his senile man responses. Contestant number two came up the winner.

In the second half of the game, the sexes were reversed with Paul Merrell asking Ruth, Jennifer, and Patti questions. The girls were quick to think up an original answer. Patti was the winner of an exciting evening with Paul for dinner at the *academy*.

2

Yea! Lets tour Ephraim. It will be, oh, so, much fun. We can freeze our bottoms off, our ears will fall off, but *YES* we will have fun! A hayride in the middle of winter? Yes! said the Executive Counsel, which was in charge of the hayride this year. Many big hot spots in Ephraim were scoped out by wild and wondering hayriders, like Dean Green's modest abode. Even though it was bitter cold there was enough time for party and dance around the wagon. They all stopped at the dorms to get some of the party poops that had not the strength to come out on time. The party ended with hot chocolate and donuts. Yip-pee!

(Mike)." 5) Chinese fire drill! 6) What's a hayride without the tunes?! 7) Did you see what the horse just did (Gary Garner, Kaye Harris, Teresa Christianson)?"

# AIR BANDS & SCHOOL NEWS

## Air Waves In Motion

Eight Snow College bands lip sinked to popular songs of the '80's. With instruments ranging from ironing boards as keyboards to vacuums as guitars and microphones. Tim Semidine's band the Garbage Rats won \$40 by lip sinking "I can't drive 55" by Van Halen, taking first place. Everyone had a ripping time. The judges were members of the faculty. A little out dated for the evenings contest but their decision condoned the feeling of the audience.

What used to be called Mary Nelson Hall is now called Nelson Hall (or to some by Bob and Mary Nelson). Why this new name? For the first time in Snow College's history there is a co-ed dorm. One of the main reasons that this change was made was to solve the demand for cooking apartments by male students. The students that lived there this past year really seemed to enjoy it and they hope that the co-ed dorm will continue to live on.

Associated Womens Students or AWS was very busy this past year, planning and pulling off many fabulous activities. They sponsored events such as the Mother/Daughter Date, and the Father/Daughter Date. During winter quarter they sponsored AWS week, it covered the most preferred man contest, Women Awareness workshops and the preference dance. The beard

growing contest was a huge success and the man of the hour was a big hit too. Their theme this year was "Moments to Remember". Vicki Barney President, of AWS stated, "We want the girls to remember the year at Snow and to have had many magical moments."

The 1984-85 year was a success for the Associated Men Students. The year started off with a bang with the deer hunters brawl. It went better than any previous years. There was over 500 people there dancing and having fun at the first dance of the year with a live band. During the dance over \$500.00 worth of prizes were raffled off. Most everyone there had a good time over two hundred dollars in donations was received in behalf of the Ray Billingsley fund. The AMS had many other activities, the battle of the sexes, the midnight swims. One of the major events of the year for the AMS was the AMS Dinner Dance, which was well organized. "As president of AMS, I feel the '84-'85 year was one of the most fun and exciting years at Snow College. The students that got involved in different activities and clubs on campus will remember this year. I believe none of this year could have been possible without the help of the council, who were a tremendous group of guys to work with.

Many other people were involved with the success of the A.M.S. The A.W.S. was a group of girls that helped out a bunch, along with most of their roommates and friends. Russ Beck is the A.M.S. advisor and I would say he is one of the nicest guys I've ever known or worked with." Thank you, Dan Money,

## Service in Motion

1) The Intercollegiate Knights are a national club that serves the community and school.

There motto is Sacrifice, Service and Loyalty. One of their many important duties is lighting the "S" every year at homecoming, also they are in charge of the burning of the rebel which was impressive. Other services that the I.K.'S contributed to was the raising of money for the Ray Billingsly Fund, Quarters for Christmas, and the Dance Marathon for the March of Dimes. The I.K.'S are under the leadership of Neal H. Cox, the advisor, and Dave Owens — Honorable Duke, Mike Hermansen — Noble Earl, Valerie Seely — Chancellor of the Esuire, Stacy Terry — Worthy Scribe, Jenna Cross — Page Master, Ross Maxfield — Horrible Executioner. The Intercollegiate Knights are an impressive group on Campus that is the "only co-ed fraternity" around that helps builds spirit and pride.

## Publicity And Service In Motion

1 As you walked around the campus perhaps you have wondered or even asked someone "What's going on this week?" As you walked on you could hear in the distance your favorite song being played and you hear the familiar words "Hello Snow College, this is Voice in the Sky." If you looked close at the student offices you saw the wonderful, well-made posters and were able to keep up on that favorite activity that you wanted to go to. Then I bet you asked yourself who the talented people were that made these wonderful posters and said the things in voice in the sky. These wonderful people are the Pub club.

2 Alpha Phi Omega is a way to do service on campus. They are made up of helpful individuals who want to serve. They were responsible for a dance to help the family of Ray Rillingsly and also participated in Quarters for Christmans.

During the Christmans Break they took a four day trip to a cabin where they got to know one another better by having workshops.

A.P.O.'s motto is Service to the ountry, Community, School and Scouting.

This is not the only thing the Cultural board does, it also brings to the at-

tention of the students all of the clubs on campus. It also lets the student body have a different variety of entertainment.

They have done a great job this year with all of the entertainment they have provided for the students here at Snow.

This year the Social board has been working very hard and has put forth a

lot of effort. They plan such activities as Welcome back dances, Airbands, the Dating game, and they also sponsor Blue room movies. Todd Robinson was the President of the Social Board, he was supported by many dedicated board members. They had a very exciting year and were pleased with support from the student body.

SNOWFALL NO!! Numb-nut, I am not telling you what happened last night, I am describing an outstanding group of guys, six to be exact, that disc jockey at the Friday and Saturday night dances. They always try to please. They play a wide range of songs and always leave room for slow dances. Snow fall definately makes the dances more enjoyable!! They usually don't get a lot of the credit, because of the high position over the dance floor.

Bonjour, Buan, Guttan Tag, Aloha, Hello! are all the common grettings here around Snow College campus.

Snow college campus not only hosts students from Texas, but also, Iran, Canada, and Japan. Though communication may be hard for most, all students seem to like Snow for being the warmest Snow on earth.

Shane Stevens, a student from Canada said "Ephraim is a pretty nice place. It could be more exciting, but overall its okay."

Anyway whether these students like it here or not, we still welcome them. Bonjour, Buan, Guttan Tag, Aloha and Hello!

# LAZY S & RODEO

## Prime Quality In Motion

"What is the lazy S club?" "Do you know anything about the lazy S club?" "Please anyone tell me about the lazy S club!"

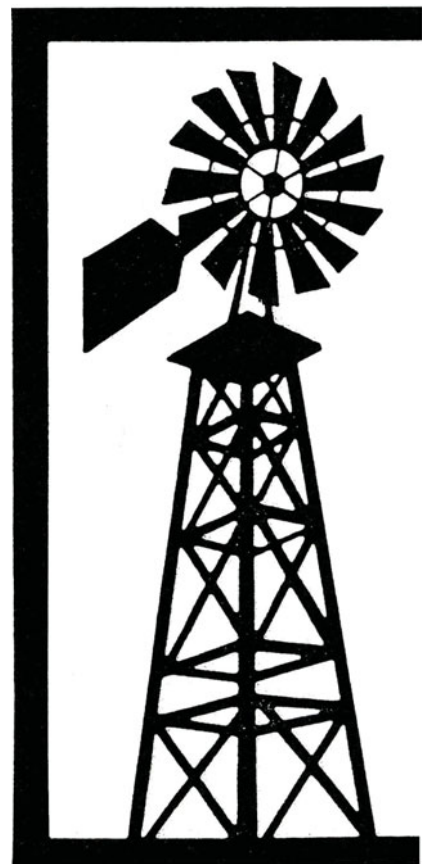

Such are the usual responses to the lazy S club.

The lazy S club directed by Jack Andersen, director of the animal science department, is commonly thought as your usual cowboy, farm hicks, but guess what, the club consists of students who are involved in Animal Science. It is these same students who are going to be your future Veterinarians, your future Ranchers, and most likely the foundation of our nation.

The thrill of victory and the agony of defeat are two feelings that are felt most in the rip roarin' sport of rodeo. Even the thought of being trampled by a bull didn't scare off such daring students.

Bare back riding and bull riding were just some of the events in which the Rodeo club participated, in competition. Being in the club gave the students an opportunity to develop their riding, roping and other skills.

You step into a room. It is completely dark except for the far corner in which you see a long string of bright red lights flashing in intricate patterns. Two dark figures are bent over mysterious instruments which are connected to the lights. The two obviously comprehend the blinking lights and wave forms produced by the equipment. You probably draw two conclusions. You are either watching a science fiction thriller or you are in the lab of snowtronics, the Snow College Electronics Club. Actually the latter is true. Mr. Pett one of the most capable instructors in the state is making adjustments on a light show as a student looks on gaining valuable experience. Snow College is lucky to have an electronics program that is one of the best in Utah. That statement is not made lightly, but, is merely an echo of what the electronics advisory committee said on a visit to Snow. Many companies now look highly on graduates of our vocational electronics course.

This past year snowtronics toured some of the neighboring companies to get a feel of what it's like to be a part of the fastest growing industry in the area. Even though Snowtronics meets on west campus we hope you won't over-look their important role here at Snow.

From hot tubs, to sleigh rides, to a jammed sullivan; the ski club had a fantastic year.

Their highlight of the season was the trip to Jackson Hole Wyoming. Beautiful weather and the skiing was superb, they could not of asked for better. The club really loved the late night New Years Eve party and soaking in the luxurious hot tubs.

Throughout the winter and early spring the club hit a few of the well known ski resorts of Utah, but they all still hold favorite the Fairview Canyons. Although they are mostly known for downhill skiing, the club does cross country skiing also.

With Andy Tuner, and Stephen Jacksen as co-presidents they pulled off a very successful year.

The automotive program here at Snow has a lot to offer. It has a vocational program for those interested in being a mechanic. Those students who enroll receive technical training in the following areas: Auto blueprint reading, chassis suspension, Steering alignment, brakes, and on and on.

For those who want to just learn about an engine and how to take care of it, they can enroll in a tool and an engine class. Those who are more advanced, but would not be interested in majoring in mechanics can enroll in any of the courses mentioned earlier, but will have to be taken in series with the related classes.

This year an '85 Fiero was donated to the shop to aid in training new mechanics. The shop has computerized equipment to aid in testing for problems.

1  
Delta Epsilon Chi/Distributive Education is the practical application of Marketing Management Skills. In DECA members have the opportunity to use the knowledge abilities learned in class and apply it to outside experiences. They participate in competitions and conferences which help to prepare them for the business world. DECA sponsors a day on campus in which they invite neighboring highschool students to come participate and get acquainted with the business program here at Snow College.

The VICA club, or Vocational Industrial Clubs of America, strive to help each member learn and perfect all the necessary skills of the business world. They do this by having members enrolled in any vocational trade on campus. These include electronics, carpentry, automotive repair, and welding. During the year the club competes in many tournaments hoping to qualify for the nationals each summer.

# SIGMA GAMMA AND LITERARY MAGAZINE

Student Involvement In Motion

1

2

3

4 Sigma Gamma, another word for leaders, are a group of talented students. These students consist of Presidents, council leaders, editors, cheerleaders, and many others who are consistently helping to make up a large part of the fun that happens here at Snow. Sigma Gamma members show how to get involved in school activities, and are looked up to by many of our leader bound students.

-John Woodhouse

Short stories, poems, essays, and other creative writings can be found in this past years edition of Snow's literary magazine. Some of Snow's more dedicated students took a brave chance and tried out some of their writing abilities and came up with this totally captivating and rewarding magazine. A lot of hard work, sweat and tears made this masterpiece worth remembering. We can really feel the personalities of these special students coming out in their writing and would like to thank them for sharing a part of their lives with each of us here at Snow.

# EXECUTIVE COUNCIL

## Minds In Motion

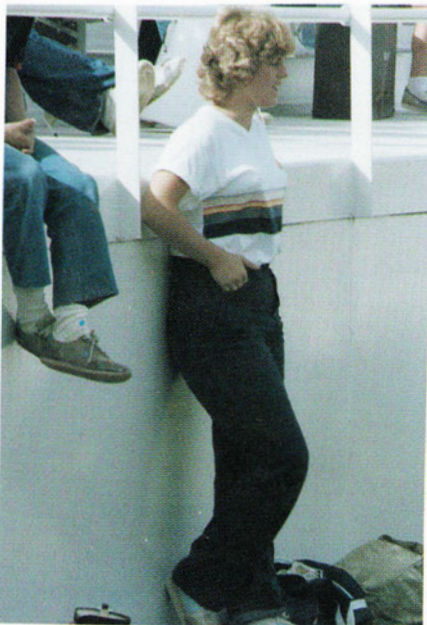

<sup>3</sup> Starting and ending the year was a great accomplishment by the Executive Council for 1984-85. Under the direction of Dean Alvin Green, things started off with a bang!

Things got rolling with Freshman Orientation where the freshmen got a better look at "the team" and where we got a great look at the "pride and spirit of Snow College." This great team is inspired by: Annette (Buffy) Lindsay, President, Larry Peel - Vice President, Todd Robinson Social Vice President, Nanci Hiss - Cultural Vice President, Vicki Lee Barney - AWS President, Dan Money - AMS President, Kathy Willmore - Secretary, RoseMary Bowden - Publicity Vice President.

From this great team we had some fun times. The Executive Council worked hard to bring fun into the College experience. "We hope that students gain a great education here but have fun doing it." Buffy explained. The council helped bring about great activities, like the run for the money with President Bennion, where Todd Robinson ran the last three miles with the President. Others include: movies, dance and other social activities. Also with all this fun came service, the council helped with the Ray Billingsly Fund. With service, fun and a lot of nights, the Executive Council made the year exceptionally great.

The ICC (Inner Club Council) is the backbone of most of all the small clubs on the campus. With members in one or more campus clubs such as Ascension, Intercollegiate Knights, Band, and many others. They have kept a close watch on the entertainment, and service activities that have been provided for Snow College students. Their goals were achieved through uniting the many clubs to provide the student body with a year that we can all be proud of and will never forget.

# CHEERLEADERS, YELL LEADERS & MASCOT

## Spirit In Motion

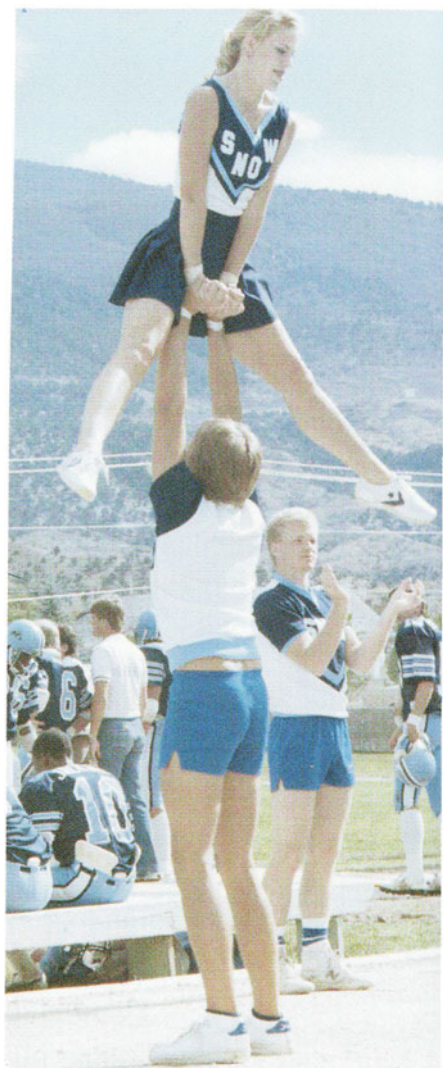

<sup>1</sup> Snow College Cheerleaders and Yell leaders were exceptionally outstanding this year. All the hard work and sore muscles were paid off by their performance at the games. They encouraged and inspired the team and were very supporting at the games. The crowd was often awed at the display of talent during double stunts and various pyramids. The Mascot, Dawn Drummond, also added a great touch of class to the squad, as she bullied other school's mascots around. Each member of the squad contributed to the wholeness of the group. They had a fantastic year.

## Dancers in Motion

The Snow college dance company, also known as Orchesis, is a group, full of dedication, talent, and energy. With Janeen Moore as president Orchesis does all types of dances including; jazz, modern, and novelty. Orchesis has performed a lot of fantastic dances, their determination, time, and skill has shown greatly throughout the year. The company practiced many hours before their concerts. This company is a well blended group and works well together. "Orchesis is way in." says Stacy Sorenson.

# BADGERETTS

## Drills In Motion

The Badgerettes, this year, were under the supervision of Toni Bench. She did a great job. The badgerettes spent many hours preparing for each drill, resulting in aching arms, legs and bodies as a whole. But along with the pain, came satisfaction from great performances that also was the result of such dedication.

The president of the Badgerettes this year was Shauna Rawlings. Shauna put a lot of her extra time into preparing the drills and dances.

One member defined Badgerettes as follows, "Drill team this year has been tons of fun. It has been a unique experience." (Teri Tsushima)."

The Badgerettes performed at football games, homecoming, basketball games, and many other activities-doing a great job at each.

# ALPHA DELTS

## Actresses And Actors In Motion

5  
 "Who are the Alpha Delts?" you may have asked yourself at the beginning of the year. Well, you should know by now for the Alpha Delts have worked hard this year to bring you entertainment. Yes, they are the Drama club!

We hope you took advantage of the productions they worked so hard to prepare. Among the productions were *Oliver*, *Harvey*, and *Wait until Dark*. Never at rest, they have also worked to "upgrade and professionalize" the Auditorium. It was their aim this past year to refurbish the Green room. In no way related to the Blue room, the Green room is a place where aspiring actors and actresses rest between scenes. They also strove to increase the comfort of the auditorium lobby by adding new furniture.

In keeping the Homecoming theme, "You always leave a part of you behind", Mike Manwaring President of the Alpha Delts said, "We want to leave our mark on Snow College," and that they did. Their constant goal was to make your year at Snow a little more enjoyable.

Well Mike, we remember you and all the Alpha Delts for a wonderful year.

# BAND

## Instruments In Motion

Under the direction of Wayne Erickson, the band has helped maintain spirit in the school. During the football games, these members were seen, playing and urging the team on, also they got the fans involved in the game. The pep band helped add to the spirit of the school. At 12:00 every day one could hear the quality sound our band has produces.

The Concert Band has strived to achieve a high level of artistic excellence. The band added that certain touch of class as they played in the Christmas, Winter, and Spring concerts. The band also went on an extensive tour in the first week of May. We are proud of our band and the way they achieved their excellence.

These talented, young and aspiring singers have rightly named themselves ASCENSION describing their continuing climb upward to greater heights in entertainment. Their main goal is to recruitment, and is achieved by through their many in in stay and out of state tours to high schools and other areas of educational establishments. Snow College has the privilege of having such a talented group of musicians together in an organization that is constantly striving for perfected musical performances. They have appeared on Snow College at various activities such as Field House Forilocs, Their Christmas Concert, and their Spring Concert. We as Students would like to thank Snow colleAscension for the quality entertainment they have provided for us.

## People In Motion

<sup>1</sup> P. B. L. Phi Beta Lambda, a collection of business oriented people, are successfully preparing themselves for the business world. P.B.L. through civic and colligate projects they are able to enhance their leadership skills. By developing their skills now they can set their goals high and will become the leaders of the late '80's and '90's.

Devoted to the more serious side of music, this singing group has provided us with great classical vocal productions as well as with more modern compositions of equal or greater caliber.

The rich vocal blends, along with an occasional melodic solo, combine to form a beautiful vocal selection, sometimes requiring no more than the vocal chords provided at birth, this vocal group presents heartrending ensembles, as well as deep, rich and enthusiastic musical selections.

Coach Criner said that he was disappointed in the seasons outcome. Criner also commented that injuries had hurt their performance on the field as well as their quarterback situation. "The teams win over Dixie was good for them. It brought up their spirits," said Criner. Losing Ray hurt the team mentally and brought them down, but it was soon overcome. "I have to take my hat off to how well this team came back," said Coach Criner.

Here are some of the players feel-

ings on this season. "All in all we had a good year. It wasn't like we expected it, though," Noble Jackson. "We had the talent, but we just couldn't get it together," Hugh Alexander. "We had a very talented team. When people said we had no character we showed them that we did. (watch me on ESPN next year)," Paul Schroder. "With a few breaks we could have had a good year. It was pretty good any way," Bronco Mendenhall.

## Slamming in Motion

Power, Poise, and Control are some of the terms that have been chosen for this year's basketball team. This year's team consists of eleven freshmen, and two sophomores. The badger squad is led by Larry Anderson a former coach of North Sanpete High School. Snow's team abounds with talent. Each player has superior qualities about them, ranging from most valuable player to all-state positions to outstanding academic awards and accomplishments. Not only do these fine players come from Utah but all over the United States. The team has performed to its best ability and then some, by beating out the opposition, and will continue to do so in the future.

"One, two, three strikes you're out!" Look at that ball fly! These are things that could be heard coming from the Snow College baseball field. But, was it the men's team? NO!!! It was the Lady Badgds racking up another awesome victory.

This years softball team showed a lot of promise at the beginning of the season and successfully proved itself by having a terrific year. With seven returning sophomores and seven freshmen, the team had more agility in hitting and running than any team has had in the previous years. The coach Phil Murry felt that the team had alot of potential, and was pleased that they went as far as they did with conference games.

The smow college swim team is made up of star High School swimmers and impressive beginners. The workout schedule is a demanding endurance test of mental and physical strength. Beginning at 6:00 a.m. at the AC, the swimmers put in 6,000 yards a day. Coming just shy of 4 miles daily, a total of 18 miles a week. Coach Shem Stroke former UCHS swimmer, and member of the Pit Cairn Island 1957 Olympic swim team, is looking forward to the ICAC Regional long Course cross country swim meet, held in annually at Monicello, Idaho. "The team has an impressive way but due to the strict Smow College imorality policy of swim suits, the team will leave persious esteem among the opposing athletes forcing fathorns of humiliation." When confronted, President Melvin Bunion, would not Comment on the low budget swim suits. Captain Funguy Waterlong breast stroker can do it four ways, fly, back, breast, and free strokes. # TENNIS

## Rackets In Motion

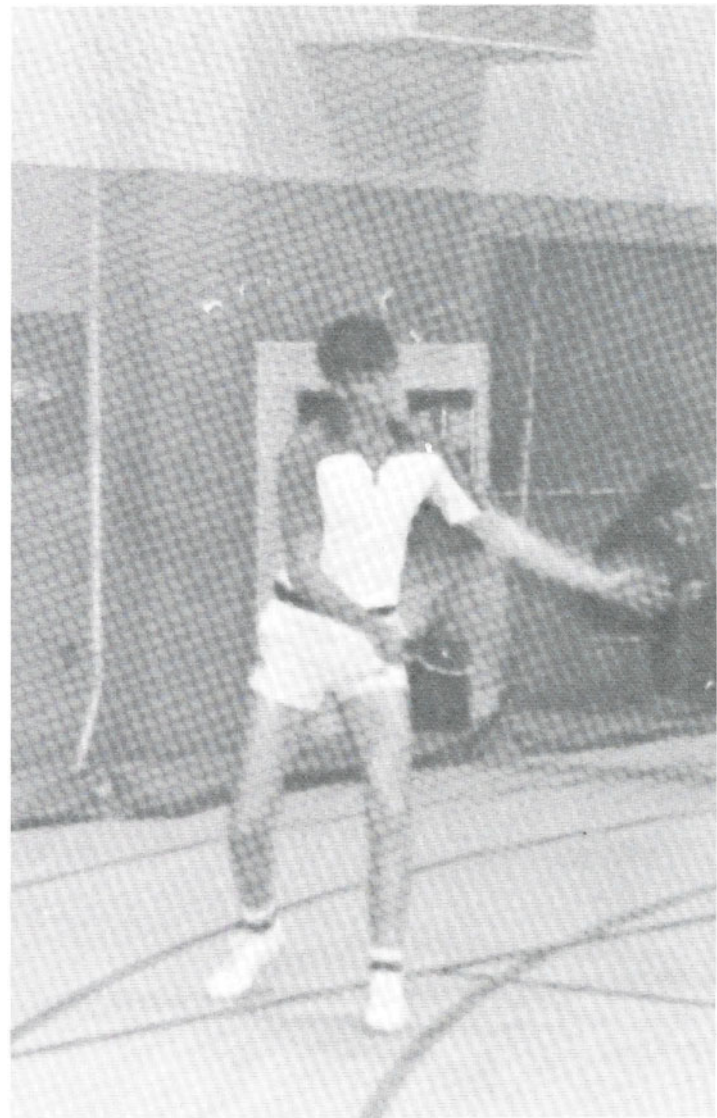

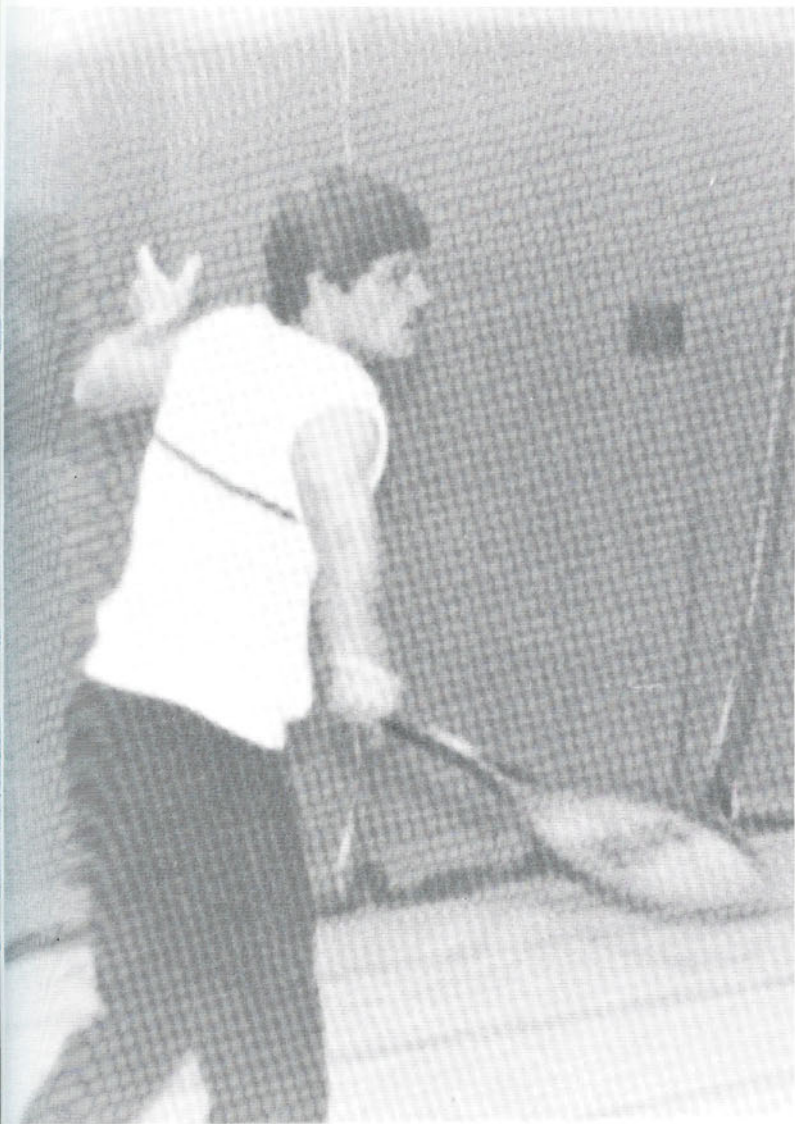

1

Tennis at Snow College has a proud tradition. Anyone who has visited the activity center had or should have noticed the banners above the basketball court can readily observe the strength of the SC tennis program. The 1984-85 addition of Badger tennis should continue as Snow's most successful sport. This years team consists of five returning sophs from last years team. Returning are John Aldred, Mark Rake, Barry Pierson, Steve Lundy, Steve Bruce, plus 5 new additions of Bick Eyre, Dean Hatch, Tohi Heimulie, Ron Bradley and Hero. This years coach is Doug Dyrieng, who is filling in for Bart Nelson who is furthering his education. Doug stressed that his team had tremendous depth, and wouldn't be surprised if four different individuals played number 1 singles before the season was over. This years schedule will be very rigorous. Snow will compete with schools like University of Idaho, Mesa of Colorado, and Utah State to name a few. The ICAC will be more competitive this year. Dixie will also be a major threat due to the emphasis placed on tennis. Doug also states that he feels that the team will qualify for nationals and return to Florida. "One of these years we will bring home a national title for Snow College," commented the players.

## The World In Motion

1 Red Cross, religions, individual people and many other organizations all over the world sent money and food to help the starving and homeless in Africa. The ravages of years of drought push the Sahara Desert Southward-sometimes at the rate of 93 miles a year-taking over once-fertile land in its path, causing crops to grow only one pitiful inch above the ground or not at all.

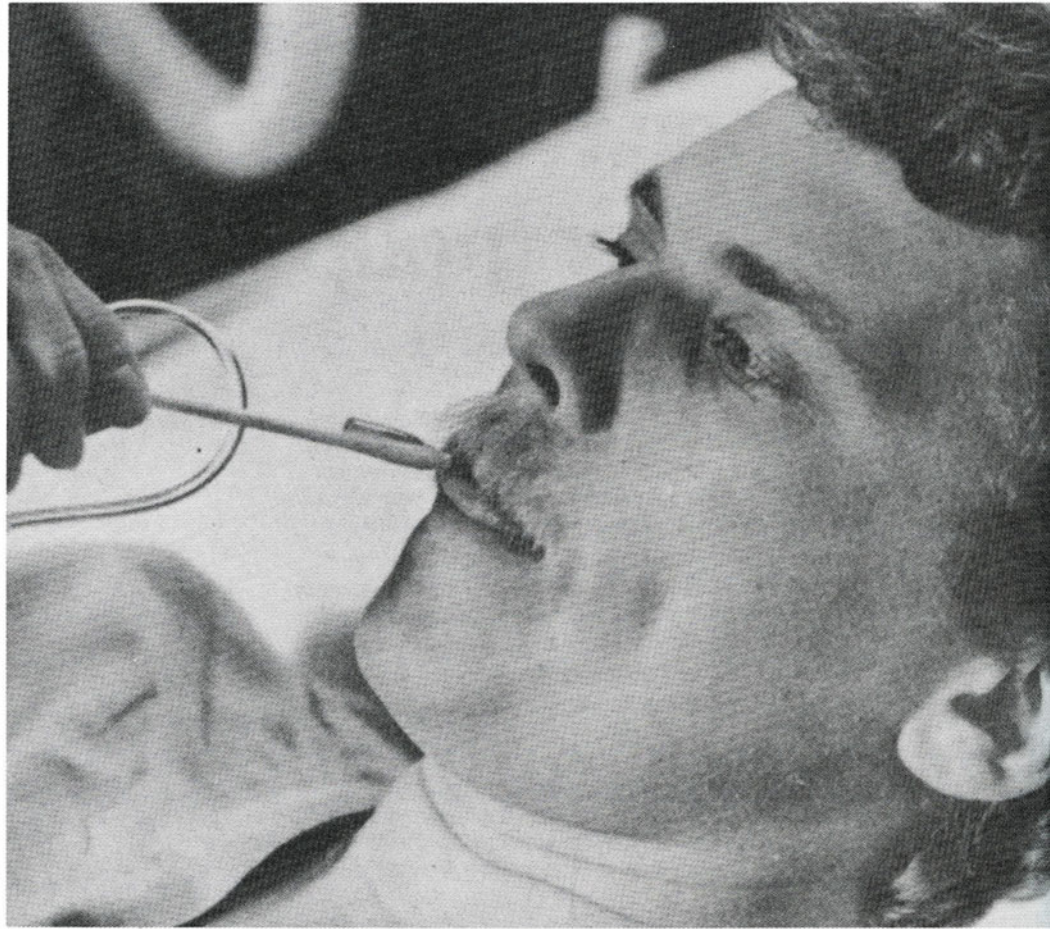

Some 6.4 million of the country's 34 million people are affected.

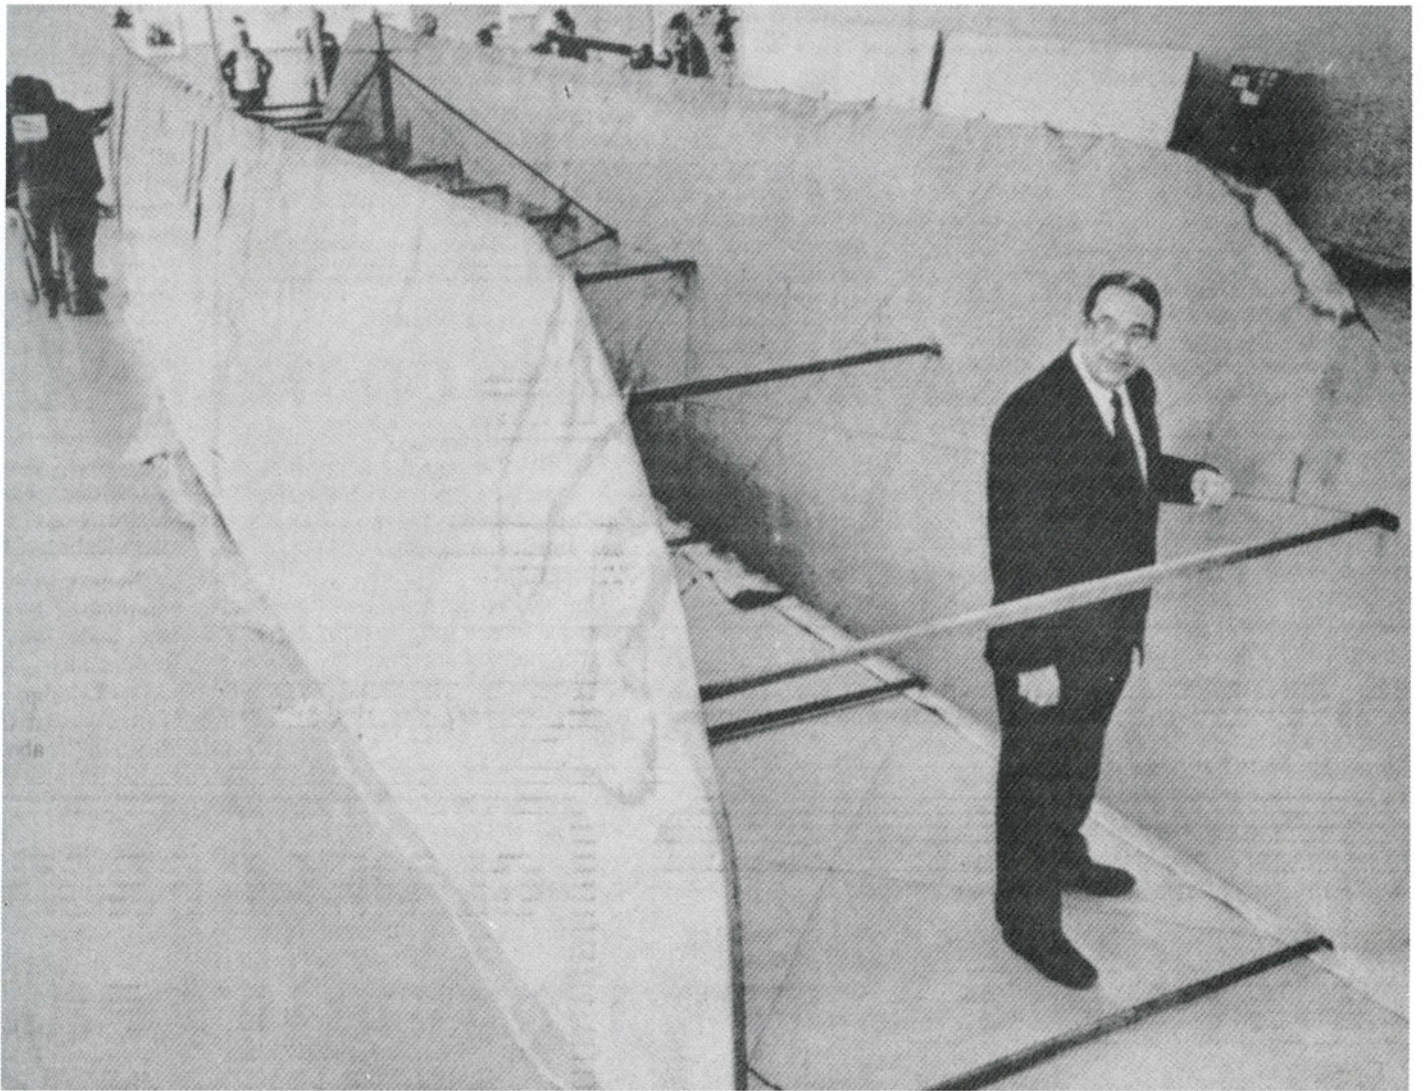

In one camp alone the volunteer personnel consisted of: Three doctors, six nurses and thirty-two grave diggers.

The new Jarvik-7 artificial heart offers improved valves and is about the size of 2 semi-sphere baseballs linked by tubes to a waist-high, air driven power supply. It is designed to replace the two ventricles, or lower pumping chambers of the heart. Air will be pumped through tubes to the 2 chambers to activate a diaphragm which then pulses the blood through the lungs and body. William Schroeder and Murray Hayden both are kept alive with these hearts.

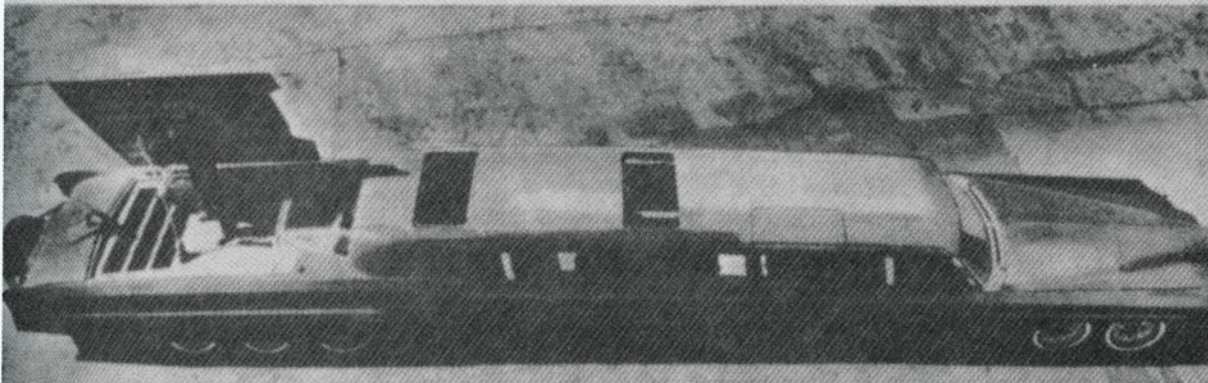

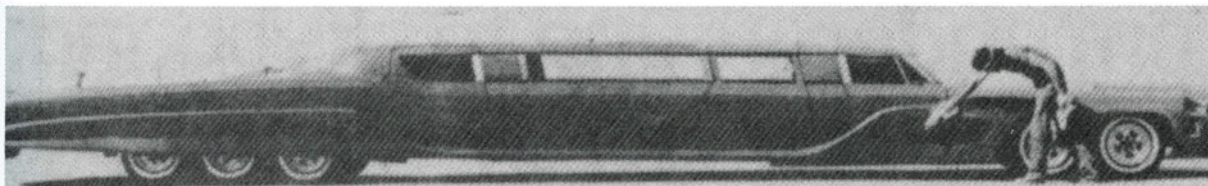

The first baboon heart was transplanted into a human child. But Baby Fae died a little while later.

1) Lone Ranger reunited with mask. 2) The University of Utah testing spiked lollipops for sweet trips to presurgery slumber. 3) Starvation in Africa. 4) President Reagan re-elected. 5) Reconstruction of Orville Wright's airplane. 6) Fifty foot limo took three years in the making. 7) Murray Hayden 3rd artificial recipient.
