About our College

Snow College is a two-year public college. In January of 2020 The Chronicle of Higher Education ranked Snow College #1 in the nation for student success of two-year colleges. Located in Ephraim, Utah, at the foot of the Wasatch Mountains, Snow College is one of the oldest comprehensive two-year colleges in the Western United States.

The College was established in 1888 and excellence continues to be the hallmark of our work and activities. We are the preferred choice of approximately 6,000 students who want a small college experience filled with a variety of activities, events and performances, to go along with their outstanding academic opportunity.

Snow College offers programs and courses which are highly interactive and are designed to reach a broad spectrum of students: high school students desiring college courses, traditional on-campus students, technical education students, online students, and non-traditional students who wish to start or complete degrees in Associate of Arts, Science or Applied Science or have the option of numerous specialized, short-term technical training certificates and diplomas including a few programs with bachelor's degrees. Snow is committed to the success and positive experience of every one of these students.
