

## AUTO 2900

**Division:** Career and Technical Education

**Department:** Automotive Technology

**Course:** AUTO 2900

**Title:** Special Projects

**Catalog Description:**

This course involves a special project where there is a demonstrated need which cannot be met through enrollment in a regularly scheduled course. It also could include special projects of unusual merit in furthering a student's professional and academic goals. Students must be able to sustain and complete independent learning projects. The course provides a framework for developing and enhancing student abilities. The Special Projects Contract must be completed. Special projects for one credit can be approved by the advisor, the division dean, and the division representative to the Curriculum Committee. Projects for more than one credit must be approved by the advisor, division dean, and Curriculum Committee. Credit for a special project normally should be one to two credit hours depending on the work completed. Unless approved in the contract, special project credit may not be used to satisfy general education requirements.
