This ensemble serves both music majors and non-music majors by providing an opportunity for students to perform standard orchestral works. The National Association of Schools of Music requires that member institutions serve both of these student populations. Through quality performance of significant literature, students will share this art with fellow student musicians and the composers whose music they create and preserve. Orchestra is required for all string music majors in each semester of their programs both at this institution and at transfer institutions. Non-majors are granted elective credit upon transfer.

Student Learning Outcomes:

Students will be able to correctly perform various pieces using a proper musical style.

Content:

Concert repertoire will be chosen, rehearsed, and performed from each of the four major time periods: Baroque, Classical, Romantic, and Contemporary/Twentieth Century. Other topics will include using proper tone, variable dynamics and articulations, accurate intonation and rhythms, overall balance and blend, as well as following the conductor.
