- Forgotten Carols:** Michael McLeans's touching Christmas tale has become a timeless classic. It tells the story of a nurse whose empty life is changed by her patient, John, who expands her understanding of Christmas. 'The Forgotten Carols' are original songs from the perspective of characters such as the innkeeper who turned the young couple away or the shepherd who slept through the angel's announcement. Their personal accounts, until now, have been overlooked or ignored. Together, John and Constance discover what the world has forgotten about Christmas.
