

Club Funding Request

All funding decisions will comply with the club manual's requirement of viewpoint neutrality (i.e., they will be based on considerations that do not include approval or disapproval of the views of the club or any of its activities).

All decisions will also be based on the clubs' tier classification and criteria. Funding requests will be accepted every month. Clubs may submit a funding request to the monthly Legislative Branch Meeting with appropriate documentation by 3:00 pm on the Monday preceding the Legislative Branch meeting during which the club funding request will be presented. These dates are listed in the Club Handbook each semester.

Club funding meetings are open to campus. Please contact Student Life if you have any questions. 435-283-7121

Name of Club: _____

Date: _____

Current club account balance: \$ _____

Amount of Funding Requested: \$ _____

(Refer to Club Handbook for tier limits)
